Statement of objectives

Please write a brief (1-2 page) statement describing your purposes and objectives in studying graduate mathematics. You might describe any particular interests and plans; your strengths and weaknesses in math; any research projects or any independent research in which you have actively participated and how they have influenced your career choice and desire to pursue graduate studies; and any particular reasons you may have for applying to UH Manoa.

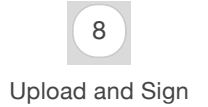

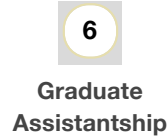

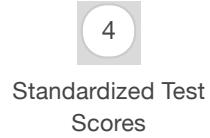

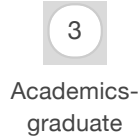

Statement of Objectives (Paste text here or attach a pdf below.) *

If you attached your statement put "see attached" in the box.

Graduate Assistantship Form

Do you wish to be considered for Graduate Assistantship funding at UH Manoa?

Yes

No

If you answered NO above you may skip to the next page.

To qualify for an appointment as a graduate assistant, you must have a satisfactory scholastic record, an adequate undergraduate background in your major field and, in the case of foreign students, evidence of a high level of English proficiency. All applicants for graduate assistantships must be admitted as potential graduate degree candidates in order to be considered for appointments. Appointees must carry at least 6 units of credit each semester and maintain at least a B (3.0) average.

Please describe any special skills you have or research you have done which would be appropriate for this position.

The members of the Council of Graduate Schools in the United States have joined in approving the following resolution:

“Acceptance of an offer of financial aid (such as graduate scholarship, fellowship, traineeship, or assistantship) for the next academic year by an actual or prospective graduate student completes an agreement which both student and graduate school expect to honor. In those instances in which the student accepts the offer before April 15 and subsequently desires to withdraw, the student may submit in writing a resignation of the appointment at any time through April 15. However, an acceptance given or left in force after April 15 commits the student not to accept another offer without first obtaining a written release from the institution to which a commitment has been made. Similarly, an offer by an institution after April 15 is conditional on presentation by the student of the written release from any previously accepted offer.”

Type your name here to signify you have read and accept the above. *
